Policy Document

THE POLICY FOR GREEN AND CLEAN CAMPUS

To Ensure Environmental awareness, Energy, water and waste management in the campus and beyond the campus

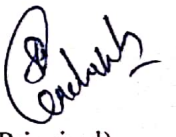

The college has a vision for a Clean and Green campus. The college and the management has developed environment friendly practices as well as education in environmental ethics among the students and staff to promote sustainable and eco-friendly practices in the college campus and also beyond the campus.

To Create environmental awareness through various programmes like Awareness Campaigns, Cleanliness Drives, Seminars, Workshops, presentations, Tree Plantation programs, Wildlife seminar, Rangoli, poster making and Essay Competitions, Study Tours, Guest Lectures.:-

1. To have environmental practices in accordance with the mission and vision.
2. To purchase the energy saving and eco-friendly products for official use.
3. To have paperless communication through electronic media and to reduce paper consumption like printing 2 sides on paper
4. Students, staff, volunteers, administration to observe environment friendly practices in the campus
5. To encourage carpooling/ vehicle sharing, use of cycles for staff and students as environmentally sustainable practices.
6. To Arrange training programmes on environmental management system and nature Conservation
7. To ensure participation of students and teachers in local environmental issues.
8. To conduct environmental and energy audits from time to time.

9. To name all the trees and plants with its common name and scientific name.
10. To make efficient use of all resources, including energy and water, to reduce consumption and the amount of waste produced
11. To reduce electricity consumption of law college in the building. To switch off energy equipment like lights and fans when not in use.
12. Installation of rain water harvest methods on roof top and ground.
13. To use water recycling for gardening in the college campus.
14. To use low-flow faucets for the taps.
15. Make provision to monitor drinking water quality regularly
16. Installation of Incinerators to dispose off sanitary napkins
17. To participate in Biogas plant and Compost units for canteen in the campus
18. Declare the campus plastic free and implement it thoroughly.
19. Separate bins with colour coding for organic, recyclable and other waste for proper waste segregation and disposal.
20. To arrange the cleanliness drive in the college campus.
